

In last week's issue of the Cameron Enterprise appeared a half page political advertisement inserted and paid for by the Ku Klux Klan or its representatives, attacking Governor Smith and giving "reasons why he cannot ever be president of these United States." One reason given is the prohibition view of the candidate, the other nine, his religion. I have the name of the man who inserted this ad. The ad was unsigned. All along we have known what is behind this opposition to Governor Smith. It is encouraging to have it out in the open. Democrats of Milam County met and settled the Klan issue in 1924 and in 1926. If necessary they will meet and settle it again.

Read the reply to that half page un-American attack on Governor Smith in this issue of The Herald. A copy of this reply was also tendered the Enterprise. Let us hope it is published in all the newspapers. This reply will mean nothing to the honest fanatic or the Ku Klux. It may stimulate the friends of the party and of religious liberty. This campaign has been lacking in a number of spirits who always rally around the cause of the party. Democrats who have only selfish motives to serve are not to be found in the fight now being waged. Others who fear decisions and taking sides are missing. The hope lies in the people. Let Milam County Democrats go to the polls on November 6th and rebuke cowardice and intolerance.

Just how the Democrats have met these tests and saved the party in the past is shown by these interesting figures taken from the files of The Herald. Back in 1924 in the August run-off primary election Mrs. Ferguson defeated Felix Robertson by a majority of 2300 votes in this county. Again in the November election Mrs. Ferguson polled a majority of about 3000 votes over Dr. Butte the Republican. That was the year of the big bolt. It is interesting to note also that the Republican electors for the National Ticket polled 930 votes against 5087 for the Democrats. John W. Davis, a wet, had declared against the Klan and his reward was a bolt from the party. LaFollette polled 317 votes in Milam County in that election.

Some point out that in the 1928 election the case is somewhat different. I maintain that it is not different save in the intensity of the fight. The principles are the same, as the prohibition question was injected in the fight on the Ferguson's. Woodrow Wilson in 1920 sent a plank to the National Democratic Convention at San Francisco calling for light wines and beer. Governor Smith has not gone quite so far in his stand. Governor Cox, a wet and John W. Davis, a director in the Association Opposed to National Prohibition. All who now say Governor Smith is wet supported Wilson, Cox and Davis. There is but one issue—religion.

For many years I have seen circulated among the ignorant and the fanatics copies of a notorious bogus 4th degree oath attributed to the Knights of Columbus. Its contents are so essentially false that all honest men feel a sense of shame. It is not pleasant to talk of these things. Lately copies of this 'oath' have been circulated in Milam County. This offensive production, which is equally blasphemous and revolting can be readily disproved. This column is permitted to publish the correct and authentic oath taken by every member of the Knights of Columbus. Here it is:

"I swear to support the Constitution of the United States. I pledge myself, as a Catholic citizen and Knight of Columbus, to enlighten myself fully upon my duties as a citizen and to conscientiously perform such duties entirely in the interest of my country and regardless of all personal consequences. I pledge myself to do all in my power to preserve the integrity and purity of the ballot, and to promote reverence and respect for law and order. I promise to practice my religion openly and consistently but without ostentation, and to so conduct myself in public affairs, and in the exercise of public virtue as to reflect nothing but credit upon our Holy Church, to the end that she may flourish and our country prosper to the greater honor and glory of God."

Gillis Speaks For Ticket In Palestine

W. G. Gillis left Cameron early Tuesday night for Palestine where on Wednesday afternoon he addressed a large crowd of Democrats for the national ticket.

Judge Gillis has had many calls for speeches in all sections of the state, having on last week gone to Lockhart.

The state committee is making every possible use of his time for the ticket that he can spare away from his speeches in Milam County.

On Saturday night Judge Gillis will go to Caldwell to speak for Governor Smith under auspices of the Democrats of Burleson county. Senator Buchanan will also be a speaker at Caldwell.

Batey died in a local hospital from knife wounds said to have been inflicted by Baggett. The cutting occurred on the steps of the church, Batey, it is said having been called from church.

GOVERNOR MOODY

Challenging Senator Borah of Idaho as an enemy of Woodrow Wilson and an unwelcome mediator in the affairs of the party in Texas, Governor Moody has announced that he will answer the Senator in Dallas Saturday night of this week.

Senator Borah is not needed in Texas to aid democrats, he says and quotes the record to prove Borah an enemy of Wilson and of the South.

RALLY AT SHARPE FOR BEAT 5 THURSDAY NIGHT

BIG CROWD PROMISED FOR BEAT SPEAKING AT BIG DEMOCRATIC RALLY

A Democratic Rally for Beat 5 to be held at Sharpe Thursday night is expected to attract hundreds of people.

Arrangements made under the auspices of the central committee provides for music by the Pioneer Band of Cameron and speeches by T. S. Henderson, Jr., Judge W. G. Gillis and Hon. E. A. Wallace. Judge John Watson who was scheduled to speak cannot be present on account of a night session of the district court.

Many people from Cameron as well as over the county are expected to meet the voters of Beat 5 in a big demonstration for the national ticket and the nominees of the party.

The rally at Ben Arnold on Wednesday night was an outstanding success and the voters there heard Hon. A. J. Lewis and Judge John Watson urge the election of the ticket.

Meyers to Meet H. Karhunsari

Thursday morning a match between Lee Meyers of Houston and Henry Karhunsari of Cameron was arranged. The men will meet in the dance hall at Wayside Inn on Thursday night November 1.

Announcements and advertising material will be distributed Friday and Saturday for the match.

Both men are getting down to hard work. Meyers is well known to Texas fans. His record is impressive and many believe he will beat the Mighty Finn. Karhunsari is not without his company of backers who have seen him beat the world's best.

Meyers has met and defeated some of the best men in the game. His record in Houston has made him a favorite with the fans. He is young and aggressive and the match should be a real go from the start.

This bout will open the season. Wrestling fans all over the country and in Cameron will be interested in the renewal of the wrestling season in Cameron to continue through the fall and winter.

LEWIS AND WATSON IN SPEECH AT BEN ARNOLD

VOTERS OF PRECINCT HEAR ABLE PRESENTATION OF CAMPAIGN ISSUES

Carrying the real issues of the campaign to the voters of Ben Arnold and scoring in no uncertain terms the un-American doctrines of religious intolerance. Hon. A. J. Lewis and Hon. John Watson, were cheered by hundreds Wednesday night in an able presentation of the cause for support of Governor Smith and the National Ticket.

Judge Watson spoke at length on the question of prohibition and on religious intolerance. The issue of prohibition has been raised in this campaign as a smoke screen and to hide the real opposition to Governor Smith, in effect was declaration of Judge Watson. Under Governor Smith prohibition will be enforced better than under Coolidge. Religious intolerance has no place in an American campaign and should be settled for all time.

Mr. Lewis opened the meeting with a speech of more than one hour in which he went into detail of the life and achievements of Governor Smith. Judge O. C. Nolte of Ben Arnold (continued on page 7)

CAUSE OF DEMOCRACY URGED IN BURLINGTON

GILLIS, KIDD AND WATSON ENTHUSE PARTY MEMBERS FOR NOVEMBER ELECTION

The cause of Democracy as represented in the traditions of the party and the fitness of the nominee Governor Alfred E. Smith, was carried to the community of Burlington on last Thursday night when Judge W. G. Gillis, Judge John Watson and O. L. Kidd and others spoke to the assembled Democrats.

The rally was one of the most successful ever held in this Democratic stronghold of Milam county. The Pioneer Band of Cameron furnished music for the occasion and the stirring strains of "Sidewalks of New York" helped to pep up the big crowd who for more than two hours heard the merits of the Democratic cause discussed in eloquent terms.

Hon. Sam Hefley, representative, called the meeting to order and presided. On the platform with Mr. Hefley were B. P. Matocha of Cameron; Judge John Watson, Judge W. G. Gillis, J. B. White, chairman of the Democratic Executive Committee, Judge Jeff T. Kemp and Hon. O. L. Kidd.

A large cloth photo about six feet in length of Governor Smith was on the stage and the building was filled to capacity as the chairman called the meeting to order.

Mr. Matocha responded to the call of the speaker in a ringing Democratic (continued on page six)

PAUL WEBB TALKS TO DEMOCRATS AT GAUSE

CAUSE OF PARTY PRESENTED IN FORCEFUL ADDRESS THERE SATURDAY

Democrats of Gause on last Saturday heard Hon. Paul Webb, city attorney, in a forceful presentation of the campaign issues, urging the election of Governor Smith to the presidency.

Mr. Webb has a host of friends in the Gause section. He has delivered speeches there on other occasions. His audience was large and his address was one of influence for the ticket.

Mr. Webb, eloquent and intelligent in his discussion of public issues, reviewed at length the record of Governor Smith, touching upon the real issues of the campaign as well as the false issues raised by the bolters. The question of Governor Smith's religion should not be an issue in the campaign, Mr. Webb said.

The speaker declared the New York governor one of the great minds of the age on problems of state, well fitted for the presidency and deserving the support of all the American people.

RUM RINGS OPPOSING SMITH SAYS FREEMAN

MILANO DEMOCRATS URGED TO SUPPORT NOMINEES OF THE DEMOCRATIC PARTY

The existence of whiskey rings in the major American cities both north and south constitute a peril to the Democratic ticket in the opinion of Hon. J. K. Freeman who spoke to a large gathering of Democrats in Milano last Saturday afternoon in behalf of Governor Smith for President.

These whiskey rings are well organized and under prohibition have brought to their standards unlimited capital to carry on their bootlegging trade in defiance of the law. So insistent has become the violations that the influence of the corrupt elements has spread to law enforcement officials and to police departments everywhere.

Those who engage in liquor trades are opposed to the election of Governor Smith because they fear him. Governor Smith said Mr. Freeman, will enforce the liquor laws and stamp out this crime and corruption as he promised in his speech of acceptance.

The fear of Governor Smith extends (continued on page six)

Place None But Americans on Guard

By B. P. Matocha

In last week's issue of the Cameron Enterprise appeared a one-half page political advertisement, attempting to give ten reasons why Alfred E. Smith can never be President of the United States. One of the reasons given was his views on prohibition, and the remaining nine because he happened to be a member of the Catholic Church. The conclusion, being a summary of the reasons, would lead the reader to believe that a Catholic should not hold office because of his religion, he would not be faithful and could not be to this Government and its institutions.

There is only one sentence in the advertisement that may be accepted as true, and reads "Place none but Americans on Guard." The other statements have been proved time and again to be false, distorted and contorted, intended to deliberately mislead the public by false premises and inflame the mind against a class of citizens of this country. George Washington is the authority for the statement which is accepted as correct. He evidently understood full well who is an American. During the Revolution, Washington had a choice body of men near him who were called "Washington's Life Guard." These men were selected on account of their moral, physical and intellectual character, and it was a position that could not be filled by anyone except an American. Among the selected men were Charles Dougherty, James Hughes, Dennis Moriarity, William Hennessy, Jeremiah Driscoll, S. Daily, John Finch, Thomas Gillen and others, all Catholics. General S. Moylan was one of and he was a Catholic. Barry the Washington's most trusted officers father of the American Navy was the highest officer in the navy during the Revolutionary days and a Catholic. If Washington did utter that statement, he certainly did not place on it the construction that some of the super-patriots who are Hoover Democrats and bolting the ticket, place upon it, solely because Smith is a

Catholic. Either Washington was wrong or the hypenated Democrats are wrong.

During the Civil War, Lincoln was surrounded by many Catholic Generals, among them, Sheridan, Meade, Sherman, Lane, Sickles, Shields, Buell, Mulligan, Meagher and Rosecrans. There were a number of Catholic generals serving in the Confederate ranks Longstreet, Beauregard and others.

During the World War there were many Catholic Generals, commanding as brave a set of men as themselves, and as brave men as ever fought upon a battlefield. President Wilson selected a Catholic for his secretary. On September 17, 1923, Secretary Denby declared that during the recent war 45 per cent of the Marines, our most effective fighting force were Catholics and in the Army and Navy during this war Catholics had a greater percentage than the Catholic body have to the total population. In fact in every war in which the United States took part, War of 1812, War with Mexico, Spanish-American War, the Catholics performed their duty in defense of this country.

If these patriots who fought, bled and died for their country on every call of the Government, are not Americans like the other Americans without distinction who just as bravely performed their part, then these Democrats bolters must be correct in their construction of the word "American" (continued on page six)

Lesson for October 23

PAUL'S LAST JOURNEY TO JERUSALEM

LESSON TEXT—Acts 20:1-17.
GOLDEN TEXT—Remember the words of the Lord Jesus how he said, It is more blessed to give than to receive.

PRIMARY TOPIC—Paul Tells His Friends Good-by.
JUNIOR TOPIC—Paul Tells His Friends Good-by.
INTERMEDIATE AND SENIOR TOPIC—What Our Pastor Does for Us.
YOUNG PEOPLE AND ADULT TOPIC—Paul, Shepherd of the Churches.

I.—Paul's Visit to Greece and Miletus (19:1-40).

Two years had passed since Paul's last visit to Greece.

1. The Jews had waited for him (vv. 1-5). This plot obliged him to retrace his steps through Macedonia instead of making a more rapid sea voyage.

2. Fellowshiping with the disciples at Troas (vv. 6-10). He met with them around the table of the Lord and spoke words of encouragement. While preaching here, Eutychus in a deep sleep, fell from a window and was killed. Paul restored his life, thus giving to the disciples a sign of divine power which was greatly needed at that time.

II. Paul's Farewell to the Ephesian Elders (20:1-35).

1. Review of his three years' ministry (vv. 18-21). (1) The spirit of his ministry (v. 19). He was humble, tender and faithful in spite of the many trials which befell him. (2) The faithfulness of his ministry (vv. 20-21). He made known unto them everything which was of profit, taught them both in public and in private. He neglected no class, Jew or Greek. He was impartial in all his ministry. (3) The theme of his ministry (v. 21). Repentance and faith. Men and women need to repent of their sins and believe on the Lord Jesus Christ.

2. The present state of things (vv. 22-27). Having reviewed his ministry, he now points out clearly, (1) His immediate purpose was to go to Jerusalem (v. 22). (2) Bonds and afflictions were lying across his path (v. 23). Despite these he went forward with undaunted courage, knowing that God was tending him. (3) His fixed purpose (v. 24). He was determined to complete his ministry at whatever cost—even giving up his life. (4) His consciousness of obligation discharged (vv. 25-27). Knowing that they should see his face no more, he called them to record that he had not shunned to declare the whole counsel of God, therefore was free from the blood of all men.

3. His charge to the elders (vv. 28-35). (1) The ground of (v. 28). The flock for which they must care was purchased by the precious blood of Jesus and they had received their commission from the Lord. (2) The impending evils (vv. 29, 30). False teachers would arise from their own number. Grievous wolves would devour the flock. The most deadly foes of the church are those ministers and Sunday-school teachers who are unfaithful to their trust. (3) Incentives to faithfulness (vv. 31-35). His own example of watching night and day for three years is held up before them.

III. Paul Tarrying Seven Days at Tyre (21:1-6).

His destination was Jerusalem. He was pressing thitherward with all speed, but on account of the unloading of the ship he was obliged to wait at Tyre for seven days. During this delay he searched out the disciples who lived in that city. While here certain disciples said Paul should not go to Jerusalem. The information which these disciples received by the Spirit was doubtless the same as that given to Agabus (vv. 10, 11). Agabus told exactly what the Spirit said, which sets right what the Tyrian disciples seemed to say. We should give heed to prophesying, but should prove their utterances. Let all who claim to speak with the Holy Spirit give the exact words so that they can be subjected to legitimate tests. The same Spirit which showed to these disciples that suffering awaited Paul, revealed unto him the same suffering and sent him forward into it.

IV. Paul Tarrying in Philip's House (vv. 7-14).

Resuming their journey they paused briefly at Ptolemais to greet the brethren there, after which they went to Caesarea. Here they took up their abode with Philip who had so successfully wrought in the early days of the church. His four daughters doubtless are mentioned to show that the Spirit's gifts are not confined to one sex.

V. Paul at Jerusalem (vv. 15-17). The brethren at Jerusalem, gladly received him and his companions. Paul's lodging place was with an old disciple.

Little Things

Little foxes that spoil the vineyards: Little compromises with the world; disobedience to the still small voice in little things; little indulgences of the flesh to the neglect of duty; little strokes of policy; doing evil in little things that good may come; and the honesty, and the fruitfulness of the race are sacrificed.—J. Hudson Taylor.

A Divine Pull

All who stand "with God" have a divine pull.—Lay

FROM THE FILES OF THE CAMERON HERALD

27 Years Ago

Mrs. D. C. Jones and her daughter, Mrs. Hallie Wofford went to San Antonio last night to see the fair.

Rev. C. C. Weaver returned yesterday from Waco where he attended a adjourned meeting of the Presbytery of Central Texas. At this meeting W. M. Lewis, state secretary of the Y. M. C. A. was ordained a minister in the Presbyterian church.

Mr. and Mrs. John T. Coleman gave a birthday party to their daughter, Miss Marguerite Coleman, yesterday afternoon from four to six. Little Marguerite was 3 years old and a large number of her little friends were with her to celebrate the day. She received many nice presents and a happy two hours was spent in childish pleasures by the little tots.

A negro boy named Nelson Williams was arrested yesterday on a charge of stealing a horse from Hubert Hefley. The horse was stolen from the lot at the livery stable last Thursday night. Williams took the horse out in the country and offered to sell it to Walter Lamkin for \$5. Mr. Lamkin agreed to buy it and got the negro back to town and investigated the matter and found the horse had been stolen. The officers were notified and arrested the negro. He waived examining trial before Justice C. A. Langford yesterday and his bond was placed at \$500 which he failed to give and was locked up in Hotel de Massengale.

J. M. White, formerly of near Rockdale, but who has resided for several years in Delta county, has returned to Milam county and has decided to locate in Cameron and engage in market gardening near town.

Hon. T. S. Henderson spent several days last week attending a meeting of the board of university regents at Austin, the purpose being to arrange for some needed improvements at that institution.

Senator J. M. McKinney of Jones Prairie spent Friday in Cameron on business.

As usual Clarksville has beat the world. A bale of extra long staple cotton sold in the market here yesterday for 14 1-4c a pound. W. R. Boozer of Cuthand was the raiser and seller and J. M. Beeson the buyer. The cotton measured an inch and three-quarters and is a splendid product. Strangest of all it was grown on sandy upland. Mr. Boozer obtained the seed last spring from a man who was traveling through the country. Had it been on the best kind of staple cotton land the lent would have possibly measured two inches and would have been worth 15c a pound or more. Mr. Boozer sold several bushels of the seed before he left town at \$2.00 a bushel.

HERE'S WHAT WE MEAN BY— The Tire Supreme for Trucks and Buses

The Longest Mileage Tire in the Truck and Bus Field

The tread is compounded of the toughest, most wear-resisting rubber known in the manufacture of tires. The tire rides more directly on the center of the tread, so the large volume of rubber is concentrated and built-up here to give the maximum mileage.

The Safest Tire in This Field

This tread design has the maximum number in lineal inches of non-skid edges. Note that all these edges run diagonally across the tire, providing positive, right-angle resistance to any skidding motion. This tread design grips securely on slippery pavements, as well as in mud and sand. Farmers find it a great help for work in the open fields.

Easiest-Riding Tire in its Class
The special Gum-Dipped carcass is the

most flexible that is built. The reinforcements at all points of strain—the plies of cords—the layers of breaker fabric under the tread—are all imbedded in cushion rubber, insuring maximum flexibility with extra strength and wear-resistance.

The One Tire that is Engineered for All Truck and Bus Work

For high speed work or normal operation—for truck or bus—Gum-Dipped Pneumatics are engineered to withstand all the variable conditions of heavy duty service. Phenomenal mileage is assured to every operator who provides a tire size of sufficient capacity to carry the load. There is only one measure of tire value—PERFORMANCE—mileage, safety, comfort—built into these tires to the maximum degree at Firestone Factories.

Firestone

Gum-Dipped Heavy Duty Pneumatics

The Only Truck and Bus Tire that has its Cords Dipped through a Rubber Solution

And here is what Gum-Dipping means to a heavy duty tire. At the right a single cord is stripped back from the carcass of a Firestone Gum-Dipped Pneumatic to show how it is composed of small cords, strands and millions of cotton fibers.

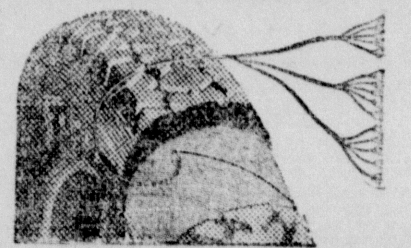

Firestone engineers found that by dipping the cords of the carcass in a rubber solution, every fiber of every cord is saturated and insulated with rubber, adding the greatest flexibility and strength and unifying the whole structure of the tire.

And Back of this Record-Breaking Tire is Our Money-Saving Service

Firestone builds in the extra safety, comfort and miles—we help you get these qualities out, when the tires are placed in service on your trucks or buses. This is the combination that is breaking records on leading truck and bus fleets all over the country.

Good results are certain to follow when the

tire problem is so carefully studied out in advance by experienced tire men. Right from the start we save you money and serve you better. Come in and look over our facilities, or phone for one of our men to call on you and show you what we have been doing for other truck and bus fleets in this vicinity in recent months.

ABIE'S IRISH ROSE

THRILLS PEOPLE HERE

BUSINESS WOMEN COMPLIMENT-
ED FOR BRINGING PRO-
DUCTION TO CAMERON

"Abie's Irish Rose," Anne Nichol's ever popular comedy drama was presented at the Yoe High School auditorium last Thursday night, under the auspices of the Business and Professional Women's Club. The cast, which was an important one, was as follows:

Isaac Cohen Edward Pascal
Mrs. Isaac Cohen Mildred Beverly
Rabbi Jacob Samuel Alfred Clarke
Solomon Levy Leo Hoyt
Abraham Levy Teddy Gibson
Rosemary Murphy Jenny Wren
Patrick Murphy John McCabe
Father Whalen Leon Brown

In spite of the fact that the Yoe High Auditorium was not built for the production of plays and is entirely lacking in electrical effects and correct stage arrangement, the cast succeeded in holding the attention of the audience through dramatic ability alone. The outstanding players were Leo Hoyt and Isaac Cohen in the roles of elderly Jews and Patrick Murphy who played the Irish contractor from California. Of the two women in the cast, Mildred Beverly was much superior to Jenny Wren, who was the perfect physical type of red haired Irish colleen, but whose ability as an actress must have been sacrificed for her appearance. However, the character part of the wife of Isaac Cohen has more possibility for any actress than that of Rosemary Murphy, the usual straight part of the heroine. Alfred Clark and Leon Brown as the Rabbi and the Father, respectively did creditable work, except that the Teddy Gibson as Abraham Levy, the latter's voice might have been better. son of Colomon, probably deserves less praise than any other member of the cast.

It is not often that the people of Cameron are given an opportunity to see a play presented as this one was, and it was deserving of a better audience than it played to. The Business and Professional Women's Club is to be congratulated on bringing the attraction to Cameron. It is hoped that they will sponsor other entertainments of a similar nature.

Between acts of the play, Miss Mary Ellen Manning played piano selections.

Writer Tells Story of Romantic Life of Cameron Woman; 90

The following article appeared in Mrs. Fred Robinson's column in The Waco Times Herald for October 22. Mrs. Robbins was in Cameron last week in the interest of the Waco Cotton Palace.

While at Cameron we visited one evening with a lady who has lived 90 years and while not so supple as some is still enjoying the family life with which she is surrounded. Mrs. Amanda (Dannely) Brooks. She first came to Texas in 1848 at the age of 10 years, and her father settled near Cameron and all during the war they lived on the farm at Elm Creek, hardly aware of war was raging except for the father and brothers being gone. Mrs. Brooks' grandfather, James Dannely, fought all during the Revolutionary war, so that is a family where the men folks had to fight for their country through several generations.

In 1865 they moved into Cameron and had a log house which served until replaced with a frame cottage. After the yellow fever epidemic of which Mr. Brooks was a victim she opened up a dress-making establishment and for many years the ladies of Cameron depended upon her for their costumes. She laughed when she described their coming to Texas in ox wagons, and when they started from their Alabama home they thought they had plenty of provisions but the bread gave out and it was six weeks before they had a new supply, all of this time it was necessary to eat without bread, and she said that never before or since had such hardship happened. "Just try going without any bread for six weeks, you will learn how necessary bread is to the contentment of your stomach. Only stop between where their farm was and

Waco was called 'Dog Town.' Her mother left herself and 10 younger brothers and sisters orphaned when she was only 17, so there wasn't any too much youthful pleasures in her life. She has two children and several grandchildren who make her very happy with their attentions. A member of the Presbyterian church, for two years now the members of the church at Cameron have sent her flowers and gifts on her birthday, which pleases her very much. She is shown in the picture surrounded by her flowers at her last birthday when she was 90 years old.

PLEA TO BIGOTRY

A COSTLY BLUNDER

Hamilton Fish, Jr., Warns Hoover
That Republican Success
Is Jeopardized.

WASHINGTON. — Hamilton Fish, Jr., Republican representative from New York, has warned Chairman Work of the Republican National Committee, that the injection of the religious issue into the campaign by accredited Republican speakers will result in a clean sweep of New York and the Eastern states by Governor Smith on that issue.

Calling on Mr. Hoover, Mr. Fish told the Republican presidential candidate that he was "so disgusted with such political blunders" as are being committed by the Hoover campaign managers that he contemplates abandoning his speaking tour in New York state.

The Republican representative said he "informed Mr. Hoover that Republican leaders committed a stupid political blunder by forcing the nomination of Ambassador Houghton," which "would endanger the entire ticket and alienate labor and the World War veterans, and jeopardize the entire Republican ticket. The failure of the Republicans to nominate a single World War veteran will be resented by the rank and file."

Mr. Fish advised that Mrs. Mabel Walker Willebrant and all others who are appealing to bigotry, be silenced "before irreparable harm has been done to the Republican ticket."

GOVERNOR OF NORTH CAROLINA ATTACKS BIGOTS

RALEIGH, N. C. — A vigorous campaign for the election of Gov. Smith is being made throughout North Carolina by Governor A. W. McLean. Attacking religious intolerance, he said:

"I am ready to defend the right of Governor Smith and every other man or woman, whether Catholic or Protestant, to worship God in his own way."

"I am for Gov. Smith because I believe he is in every way qualified to fill the office of President."

CHURCH DECRIES BIGOTRY

The Rev. Dr. Hugh K. Walker, moderator of the General Assembly of the Presbyterian Church, is censored in an editorial in this week's Presbyterian, national church paper, for his call upon Presbyterians to support Hoover. His church position gives him no right to give political advice, the editorial states.

FARMERS NOTICE!

We will be in the market to buy all good, well matured turkeys that you can offer us this season at highest market prices in cash.

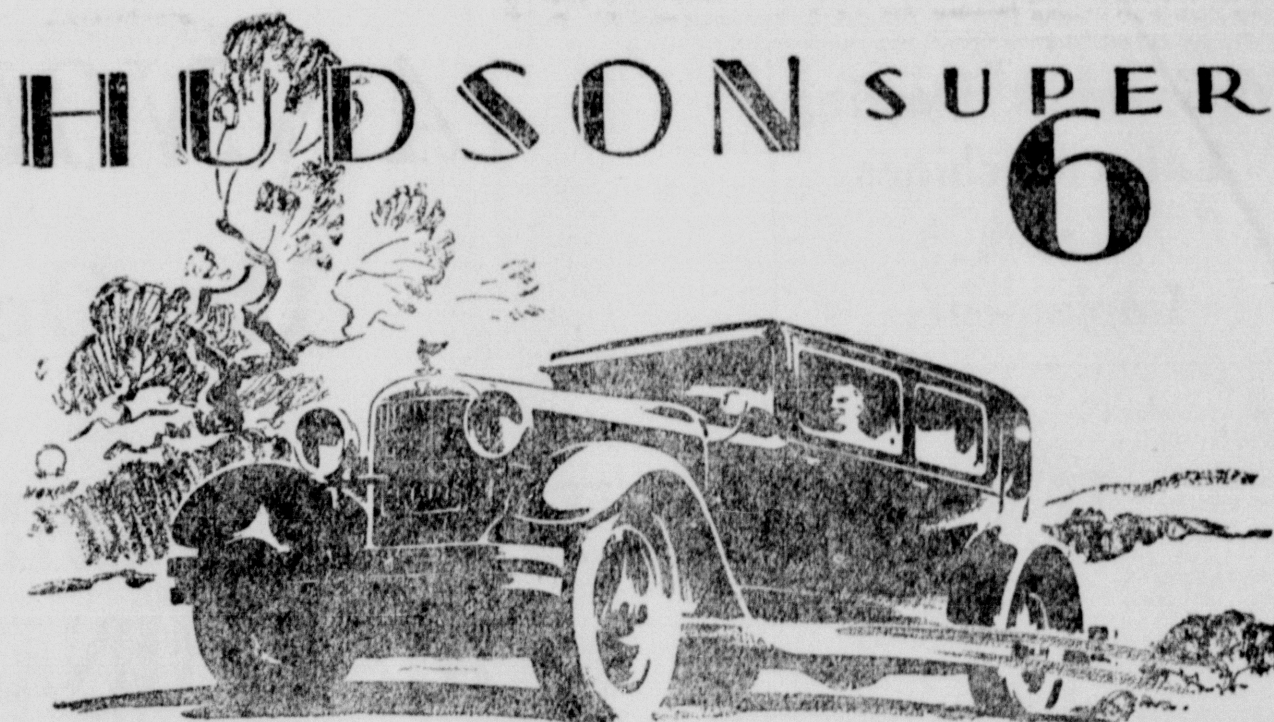

Turkeys that you intend to market for Thanksgiving you should start feeding them plenty of corn right now.

This year turkeys will be bought strictly on grade, same as cotton, the better the turkey the more you get.

Do not tie turkey's wings as you will have bruised wings and they will be graded as Number two, and bring less money, tie two turkeys together by the feet.

We want to cooperate with you and help you get the highest market price. Call us anytime, day or night and we will give you the best information we have.

Thus, thousands are voicing their new discovery!

And the occasion—a nation-wide program of personal demonstrations on the greatest scale in Hudson history.

New thousands literally "discovered" Hudson for the first time. For the first time they travelled so fast with such safety, smoothness and exhilarating ease.

For the first time they witnessed incomparable performance delivered with a fuel economy that averaged from 16 to 18 miles per gallon, according to the local conditions of demonstration.

And the concrete results were the largest proportion of Hudson retail sales of any demonstration program of all time.

Halloween Party For 7th Grade Pupils At Ada Henderson School

Witches, black cats, bats and all the other popular decorations connected with the Halloween season held sway at the Ada Henderson school Friday evening from seven thirty till ten o'clock, when the members of the seventh grade classes gathered in the Y room for a party. About ninety children registered at the guest book, which was presided over by Helen Dierr.

Both the Y room and the Cafeteria were decorated in black and yellow, significant of the season. The guests were first directed in two or three ring games, then a witch in the person of Beulah Collier passed fortunes to each one, who in turn read his fate aloud. Several contests followed, concluding with a fortune hunt. Each person was given a slip of paper bearing directions to follow in finding a treasure.

Refreshments consisting of sandwiches, cake, candy, fruit and hot chocolate were served in the cafeteria. In order to get partners for the refreshments the boys pinned black cats on the girls whom they wished to choose.

Miss Blanche Hensley had charge of the entertainment and she was assisted by Mrs. Charlie Nabours.

Noted Methodist In Denial He Supports Republican Ticket

The following clipping from Pelican Pines, La., written by Rev. S. A. Steel, D. D. will be of interest to the people here. Rev. Steel was the orator at the celebration of Hood Texas Brigade held in Rockdale several years ago:

There is somebody in New Orleans that ought to be in the lunatic asylum. Why? Because here is a letter from the secretary of the 'Hoover Campaign Committee' telling me that a mutual friend gave him my name and address as one who would help to elect Hoover President. Nobody in his right mind would do such an absurd thing as that. Whoever did it is no friend of mine. I never have voted the Republican ticket and I never will. I do not care to get into politics, especially the nasty sort we have to deal with now; but when such slanders are perpetuated about me, I get indignant.

I hope the Advocate will let me deny the outrageous charge that I would vote the Republican ticket. I would not do it if Gabriel himself was the candidate. I don't criticize any one for the way they vote; but I don't want anyone to have such a false opinion of me as to think I would go back on my record, prove recreant to my convictions, soil my good name, and tarnish my shield with the smut of the Republican party. I rise to a question of personal privilege and I hope this plain statement will stop the foolish propaganda that sends me Hoover campaign literature. I throw all these documents in the fire basket. Mansfield, La.

Cameron Boy Is Honored At Allen

Dudley Lee Braun, son of Mr. and Mrs. W. L. Braun of Milano and commander of Company B of the Cameron has been appointed captain corps at Allen Academy at Bryan. Appointment of student officers was announced last week by Captain A. D. Bruce, commandant of Allen Academy. Appointments are based upon military experience, scholastic averages and leadership ability.

Lee is a member of the senior class at Allen and is also taking some college courses. He plans to enter West Point Military Academy next fall.

WHAT WE THINK

By Frank Dixon

I see where that famous lady, Dr. Mildred Trotter said whiskers do not grow continuously but in short spurts each of which is followed by a short rest. Get some of your own, woman, and see how much they rest.

What of It?

Not that it makes any difference to me (Politicians alone are to blame)—But if Smith defeats Hoover, I'm told that the world will never again be the same.

The Kansas City Star announces that Gene Tunney's fiancée is worth 50 million dollars. Will someone please ask Mr. Tunney if he expects to get a million every time he has a fight with Miss Lauder? Or even every time he wins one?

Josephus Daniels continues considerably mixed as to what is and what is not sound political policy from a dry Democrat's viewpoint. Perhaps what

Josephus really needs to do is to try the blindfold test—have the various party platforms and acceptance speech read to him in turn while he takes a drink between efforts to clear his taste.

New Name for "Diggers"

According to Mark Hellinger, news columnist, Broadway has a new name for the girls who are forever asking you for cigarettes. They are known as Old Gold Diggers.

Charley Townsley, always willing to make suggestions for safety of life and limb, suggests in the Great Bend Tribune: "If every railroad crossarm warning carried a neat mirror, at least the girls would stop, look and maybe listen."

A friend of mine was visiting me a few days ago. He went into the bath room to shave. When he came out, I noticed his face had a pasty look. After a while I noticed him rubbing it. Then he said, "Dixon, what kind of tale i sthat you use anyway?" "Why, men's tale," I said. I went to see what he had used and bless pat, he had gotten ahold of Ma's false tooth powder she uses to make her false teeth stick in.

If there is anything that will take a man's mind off politics, poverty and prohibition, it's to go into a restaurant have a pretty waitress come up and ask you what you want to eat, with a voice like a foghorn.

When a man has more money than he knows what to do with, then ignorance is truly bliss.

I see where another girl preferred a plane wedding. She was married above the clouds.

The strongest reason I have for not wanting to vote for Governor Smith is that I feel it would be a shame not to be able to call him Al. Mr. President don't seem to fit Al.

Well I see where they have appointed the first air cop. I suppose the trouble now will be the air cops will hide behind a cloud and use a stop watch on you.

Perhaps Mr. Hoover may understand the Far East problem and the Near East problem but what is worrying the Republicans most is the nearer East problem.

Some men have no bad habits and not much else.

It only follows nature's laws that people who are always "jumping at conclusions" are "up in the air" most of the time.

Commander Byrd is taking with him to the Antarctic, about 20,000 lbs. of office equipment, including typewriters, computing machines and adding machines. Seems like ten tons of coal would come in a lot handier.

Times do change. When a fellow used to carry a grip Saturday night it was no sign that he was leaving town. It meant that he was on his way to a barber shop to take his weekly bath.

"No sensible dry would disapprove my stand on prohibition," said Gov. Smith. At the same time, of course, Al wouldn't regard any dry as sensible.

In case the talking movie producers care to go into the subject of kiss sound extensively and scientifically, a good laboratory is the space in front of the railroad and bus stations.

I've observed that the down payment is the main thing that keeps the married man down. And the upkeep keeps him from getting up.

I see where a Cleveland gunman murdered another man who wouldn't pay him a \$35 debt. His methods are a bit strong, but there's a future for that man in the agency collection field.

Yoemen In Victory Over Thorndale

The Yoemen defeated the Thorndale Bulldogs on the local gridiron Friday, October 19, by the score of 39 to 0.

The Yoemen piled up this score without the services of 'Boots' Smith, Wilkerson, Hazlewood and Baskin, four regulars who were out of the line-up because of injuries. These four should be seen in action again in Temple, Thursday, October 25, when the Yoemen clash with the Temple Junior College eleven.

The Thorndale boys played a plucky game but the Yoemen were always masters of the situation and piled up one first down after another.

'Bob' Young and 'Pro' Deer were

the outstanding stars of the game. While the passing combination of Young to Hitchcock was good for some long gains.

The Yoemen have now piled up 166 points to their opponents 6 in four games.

Let's all get behind the Yoemen,

when they clash with the Caldwell Hornets on November 2 and avenge all the defeats of former years.

When Things Are Not What They Seem...

The carnival of ghosts, witches, hobgoblins and all sorts of spooky denizens—but they are not the queer people they appear to be, because underneath the fantastic make-up they're just folks the same as you and I.

Oftimes in life things prove to be very different from what they seem. Today the promise of continued prosperity and happiness presides; tomorrow impending adversity may stalk. There is one sure safeguard—a growing reserve fund in an institution like this one, that pays interest and assures safety.

To the 5000 who daily become owners of the new Ford car

THE service obligation of the Ford Motor Company and its dealer organization is now growing at the rate of 5000 cars a day. It is to these new car owners that this message is addressed.

The new Ford is a remarkably fine car for one that costs so little. It is simple in design, constructed of the finest materials, and built to unusually close measurements.

These are the reasons it performs so wonderfully. These are also the reasons its service requirements are so few and the up-keep cost so low.

When you receive your new car, the dealer will explain the simple little things that should be attended to at regular intervals to insure the best performance. He will also tell you something of his own facilities for doing this work promptly and at small cost.

With the purchase of your car, you are entitled to Free Inspection Service by your dealer at 500, 1000 and 1500 miles. This service is due you and we urge you to take full advantage of it. Proper care during this breaking-in period means a great deal to the life of your car.

Included in the Free Inspection Service is a check-up of the battery, the generator charging rate, the distributor, the carburetor adjustment, lights, brakes, shock absorbers, tire inflation and steering gear. The engine oil is also changed and chassis lubricated.

No charge whatever is made for labor or materials incidental to this inspection service, except where repairs are necessary because of accident, neglect, or misuse.

The labor of changing the engine oil and lubricating the chassis is also free, although a charge is made for the new oil.

We believe that when you see the good effects of this inspection you will continue to have it done regularly throughout the life of your car.

Wherever you live, you will find the Ford dealer very helpful in keeping your car in good running order for many thousands of miles at a minimum of trouble and expense.

He operates under close factory supervision and has been trained and equipped to do this work promptly, thoroughly and economically.

Sam Hefley. At dinner in his honor a number of local Democrats were present.

T. S. Henderson, Jr., as master of ceremonies, made the keynote speech for the party in Milam County. His address was loudly cheered and his appeal for support of the ticket was an influential contribution to the campaign.

Dr. Cummings of Hearne was the first speaker. As a prohibitionist he urged support of the party ticket, preferring, he said, to follow Morris Sheppard in preference to Colquitt. Dr. Cummings made an earnest and effective appeal for support of Governor Smith.

Hon. T. L. Tyson, nominee for district attorney in Robertson county, was cheered in his attack on the Republican party. He placed the responsibility for opposition to Governor Smith and took the bolters and religious leaders to task for an attitude at variance with the constitution.

Mr. Henderson presented W. G. Gillis who in his usual attractive and forceful way introduced Governor Miller.

Governor Miller as a Democrat made a forceful speech for the party, appealing to the South to vote for friends of the South. In an exhaustive review of the record of Governor Smith he told of his fitness for office, scoring in no uncertain terms the efforts of the bolters under Tom Love to carry Democratic votes into the Republican camp.

Discussion of the Dyer bill to take from jurisdiction of state courts all cases where lynching is charged, was discussed by the governor. The election of Hoover who has stood for social and racial equality in his own office and department, will mean a mandate to the country that the Republicans are going to enforce all provisions and effects of the 14th and 15th Amendments. This he said will be resisted by the white Southern people who have not forgotten the humiliation of the carpet bag days and the hatred of the Republicans for the South. Farm relief, prohibition and the religious questions were all discussed by Governor Miller.

On the platform were: Mr. and Mrs. Cummings, Judge and Mrs. J. Felton Lane of Hearne; T. L. Tyson of Franklin, J. M. Ralston, W. W. Chambers, Sam Roddy of Temple; W. G. Gillis, Judge John Watson, Mrs. A. F. Mitchell, Mrs. B. Slocumb, Mrs. C. P. McGregor, Mrs. George T. Moore, Mrs. W. G. Gillis, Mrs. Sam Hefley, Mrs. B. P. Matocha and Mrs. E. A. Wallace.

tic speech for the ticket, calling attention to the great qualities of Governor Smith as a man who understands and knows about the problems of the masses of people.

Judge Jeff T. Kemp next to speak told of his loyalty to the ticket, saying that he is glad to let all know where he stands, that he is supporting the ticket from President to Chas. Sens, nominee for constable.

J. B. White in a word declared his support of Governor Smith now as well as preconvention, calling on the Democrats to rally to the standard.

O. L. Kidd opened the campaign discussion of the evening in a well delivered address, calling attention to the failure of the Republican Party to keep faith with the people on the question of prohibition enforcement. Mr. Kidd drew frequent applause in his reference to the faithless record of the Republican party. He said he had much better hopes of enforcement under Governor Smith than under Coolidge, Mellon and Hoover.

In an exhaustive review of the exceptional record of crime and corruption under the Harding and Coolidge the speaker drove a splendid bargain for Democracy dwelling at some length on a comparative record of the two major parties, the Democrats offering a record of more than 100 years of faithful and irreproachable service to the people, the Republicans a record spotted with corruption that has at times outraged all civilization.

The plight of agriculture was pictured by Mr. Kidd as a compelling in-

dication why the people should support the Democratic nominee for in Governor Smith and the platform of the party alone depends relief for the hard pressed farmers of America.

W. G. Gillis Speaks

The meeting was thrown into greater applause as W. G. Gillis presented the cause of the party touching at length upon the cause of the bolting and defending the exceptional record of Governor Smith as Governor of New York and as an assemblyman and member of the constitutional convention that wrote the constitution of New York.

Beginning with Governor Smith as an orphan boy who faced life's battles as a great winner for the family, growing in the esteem of his fellowmen and rising to heights of honor in his party and native state, Judge Gillis drew frequent applause as he delivered an eloquent plea to this great statesman of the plain people.

Records of Governor Smith were discussed, his long list of achievements in humane legislation in New York, how he has championed the cause of the working men and women and provided healthful conditions for women in that state, fighting at all times and holding a brief for the toiling millions who make up the population of the empire state.

Judge Gillis scored intolerance, reading the statement of Governor Smith on his conceptions of religion and state showing the New York executive to hold that mixing of the two is un-American. Governor Smith, said Judge Gillis, has shown his absolute independence from all religious considerations by his records of appointments in New York and his fidelity to the public schools by the fight he has made and the increased appropriations for public schools in New York.

Judge Watson Speaks

In this campaign the question of religion as a qualification for public office should be met and settled for all time. Never again should the un-American principle of proscription for religious affiliation be tolerated in a campaign, said Judge Watson who reviewed at some length the record of Governor Smith whose fitness for office is unquestionable anywhere among informed people. The record of the Republican party for the past seven and a half years is one of shameful reflection for the American people, he said, and no true Democrat can justify his action for bolting the ticket on account of the views of Governor Smith in the matter of his private right to religious freedom. Judge Watson was well applauded for his vigorous defense of the Democratic party, its standard bearers and its platform.

Rum Rings

(continued from page one)

to two lines of consideration. If elected and the people do not authorize a change in the prohibition laws, the laws will be enforced and bootlegging stamped out. If elected and the people agree with his solution of the whole problem, then it would mean an end of a great industry grown up in this country.

The recent revelations in the city of Philadelphia where police authorities were in on the big money, where graft and corruption is rampant; in Chicago where Big Bill Thompson rules the world's most wicked city, conditions point to flagrant abuses under prohibition, he said.

An intelligent discussion of the farm problem was entered into by Mr. Freeman as he told them of the billions in decline of farm lands and subsequent bankruptcy of the farmers. The farmers he said should support the Democratic ticket because in the election of Governor Smith the only hope for relief is offered. Mr. Freeman was frequently cheered in his speech.

Touching upon the religious question he said that the attitude of those who oppose Governor Smith because he is a Catholic is contrary to the union and the traditions of this country.

C. M. Beard addressed the assembly at this time. Mr. Beard is a life long prohibitionist and a Democrat of the old school who believes in the traditions of the South and in a Democratic party finds sympathy with the ideals of Southern people. The address of Mr. Beard was well

received by his fellowtownsmen and farmer friends. He touched at length on the need for united support of the ticket, reminding his hearers that the history of the Republican party is one of consistent opposition to the South.

CORRECTION

The Herald wishes to call attention to an error made in publication of a news item two weeks ago regarding the fine and jail sentence imposed in the case of Paul Scheithing on a plea of guilty for negligent homicide. The case referred to in which a negro is said to have drawn a prison sentence for the same offense is erroneous. This case was confused with a previous publication in connection with the negro's case.

The case against the negro has not yet been tried. He is under indictment for murder while that of the Scheithing case was for negligent homicide. The error in the item made a discrimination apparent and The Herald is glad to correct the mistake.

Mr. and Mrs. James Childers and Otis Hitchcock were in Waco Sunday.

Mrs. Shofner Sterling and son, who have been visiting Mrs. W. M. Caldwell left Saturday for their home in Pearsall, where Mr. Sterling teaches.

Mrs. Wilson Gunn and son, Waybourn returned to their home in Houston Friday after spending a week in the DuBois home.

merican," and the country should be turned over to them.

It is further charged that Smith is against the public schools. If he has appropriated from \$12,000,000 when he became Governor of New York to over \$80,000,000 each year after he was in office several years, is considered as being against the public schools then the charge is correct. The public school teachers of New York endorsed Smith for President. Could it be that there is a conspiracy to destroy the public schools of the State of New York between Smith and the teachers. If such a conspiracy exists and it is not known to everyone, Governor Smith's secretary who happens to be a Mason, should be discharged for either being one of the conspirators or for lack of attention to his business.

Again this political advertisement takes Smith to task because he is instrumental in impeaching Sulzer, and adds that Sulzer was a Mason, and for that reason alone, he was impeached. Every person who remembers the time when Gov. Sulzer was impeached that the evidence of his conduct was too plain to admit an argument. As a matter of fact there is no dispute or contention that Sulzer was unjustly deprived of his official position. The only purpose in bringing this matter before the public is to leave the impression that the Catholics are fighting Masons and the Masons are fighting Catholics. There is no ground for a quarrel between the two institutions any more than there is ground for a quarrel between two church denominations. They are both good institutions, having for their object to do good. If they did not contain essentials of virtue, they would have long been dead and forgotten. If the Know Nothings, Guardians of Liberty or the Ku Klux Klan were founded on solid ground, it would still be in existence and it would not be necessary to take a torch at night to find the fragments. The high-class Masonic Journals are not in sympathy with a campaign of hate, and the New York Herald in a letter to the New York Times, August 28, 1923, said:

"The conflict between the Klan and the Masonic instructions can never be reconciled in one human heart. Thus it is that genuine Masons—Masons who are such in their hearts—cannot be Klansmen and cannot welcome with true brotherly love Klansmen into their lodges."

The writer mentions this part of the advertisement to show for what purpose these matters are broadcast. There should have been one more reason given in this propaganda and should have attacked Smith because he is slaying the Republicans for corruption in office for no other reason than that Falls, or Daugherty is a Protestant. If the ten reasons, or any of them are correct, then that great army of conservative Protestants and non-denominational citizens who are leading the fight for Smith are doing a great unpatriotic act, bordering on treason, because they would put in office the highest within the gift of the people, a man who is not an American.

Just where the Hoover Democrats who are opposed to Smith on account of his religion, are going November 6th still remains a puzzle. Hoover stated twice in plain language that he did not want votes handed him because they were won over by appeal to religious prejudice. No one wants to go where he is not invited; no one would dare to go to a place that is "posted."

The author of the advertisement poses as a personal friend of William J. Bryan and leaves the impression that Bryan would place Americans according to his construction on guard. Perhaps the author overlooked what

Bryan did say about religious intolerance. Here it is:

"In this country it is not necessary to protect any church. I have such confidence in the Catholic church, which was for 1500 years my mother church as well as yours that I deny it needs political aid. It was the Catholic church that took our religion from its founders and preserved it, it was the only custodian for over fifteen centuries. When it did this for Catholics it did it for me and every Protestant. The Catholic Church, with its legacy of martyr's blood and with the testimony of its long line of missionaries who went into every land, does not need a great party to protect it from a million Klansmen."

Never was there a more eloquent and fervent denunciation of religious prejudice in politics than that which William Jennings Bryan delivered in Madison Square Garden" comments on the above the Florida Times in its September 4th edition of this year, and the above statement was made by the "Commoner" in 1924.

Smith or no other Catholic, owes allegiance to Rome. The Catholic church in the United States does not have a political party of its own. The membership belongs either to the Democratic or Republican Party. The Catholic Church is regarded by its members as a place of worship. Politics within is as foreign to the members as snow is in Texas in August. Cardinal Gibbons on civil allegiance to Rome, states: "In matters concerning his civil welfare, or that of his country, every Roman Catholic is as free as any other citizen to act as his wisdom and conscience dictate."

Bishop England, Charleston, S. C., says: "Let the Pope and Cardinals and all the powers of the Catholic world united make the least encroachment on that Constitution, we will protect it with our lives. Summon a General Council. Let the Council interfere in the mode of our electing but an assistant to a turnkey in a prison—we deny the right; we reject its usurpation." Rev. J. P. McKee, C. M., in the Marian, 1923, says:

"If by any impossible supposition the Pope should man army and fleet to storm our coast do you know what Catholics would do? You would have two million Catholics in the American Army ready to die to resist the Pope's invasion; you would have eighteen million Catholics in their homes praying for their sons, brothers and fathers in the field; you would have 45,000 Catholic nuns upon their knees before the Tabernacles beseeching the God of armies to smite the guns from the Roman empires; you would have"

priests in the front ranks of the army fighting until they died for the Constitution of the United States. We would be loyal Catholics, still we would say to that Pope: 'We shall render to God the things that are God's. Yes, but we will render also unto Caesar the things that are Caesar's.'"

The expressions of these eminent men may be seen carried out in practice by the Catholics since the founding of this Republic. Whatever may be the causes that led Smith to be a faithful public servant of the people for 25 years, without any scandal whatever, it cannot be argued that his religion has been to him an obstacle. Neither was religion an obstacle to Senator Walsh, George Washington, Woodrow Wilson and a countless host of great Americans of every denomination.

The writer calls those citizens that have been misled by such propaganda as mentioned herein and join that army of Democratic men and women and place on guard the great American, Alfred E. Smith, so that when he will give a final accounting of his trust, his name will be placed in the Hall of Fame with Washington, Lincoln and Wilson.

Shade Denson, formerly of Cameron
but at present located in Rogers was
here last week end.

Miss Velda Walker visited in Tem-
ple Saturday.

Mrs. A. W. Easliger is spending
a few weeks in Mercedes with her
sister, Mrs. Grayson.

Mrs. Fannie Cave of Gause was
the guest of Mr. and Mrs. Robert

collecting occupation taxes.

Mrs. Claude Franklin and daughter
Dorothy Winnelle of Goose Creek are
the guests of Mrs. Franklin's par-
ents, Mr. and Mrs. J. A. Walston. Mr.
Franklin is expected to arrive in a
few days.

Miss Pauline Green, who teaches in
the Branchville school, spent the week
end in Cameron.

Mr. and Mrs. H. C. Keith were in
Marlin Tuesday on business.

Lewis and Watson

(continued from page one)
called the meeting to order, introduc-
ing Sam Hefley, who presided and in-
troduced the speakers.

Mr. Lewis in his eloquent way went
to the heart of the issue in the cam-
paign, calling attention to the fact
that Governor Smith is the best qual-
ified man to have been nominated for
the presidency in many years, has
been a candidate before the American
people for four years, received the al-
most unanimous nomination of his
party and should be supported as the
nominee of the party. Those who op-
posed Governor Smith at Houston had
no candidate to offer.

Farmers should vote for Smith, the
laboring man should vote for Smith
and the women should vote for Smith
because of his stand for their rights,
guaranteeing to them better pay for
the same work men perform and for
the multitude of humane laws affect-

ing the welfare of the people of New
York.

ident, Florence Atkinson; vice presi-
dent, Dora Emily Moore; secretary,

Robbins; club reporter Sue Ella Ty-
son. After electing these officers, the

plan an initiation party. This year
the members of the choral club are
enjoying the sponsorship of Miss Gladys
Gray, one of the most talented teach-

Texas and Texans'

By Will H. Mayes

Gas Supply Increases

Despite the constant increasing use of natural gas in Texas, the available supply is increasing. Texas is now second in gas production and consumption among the States. While the search is primarily for oil, many of the wells being sunk in the oil fields produce gas in such paying quantities that they are piped to connection with the gas pipe lines that are furnishing heat to most of the cities and towns of the State and that are being extended into adjoining States.

Picturesque Border Route

Preliminary surveys are being made for a highway in border counties near Laredo that, if completed, will be one of the most picturesque scenic roads in America. It will follow closely the Rio Grande river from its mouth to El Paso. Near Brownsville it would connect with a highway that would skirt the Gulf of Mexico to Port Arthur. Many years and great sums of money would be required in the construction of such a road, but it would become world-noted and attract multiplied thousands of tourists.

Abusing State Highways

It is becoming inevitable that the Legislature can not much longer delay some action looking to the better protection of the State highways from the abuses of bus and truck transportation. They are becoming a menace to both the roads and to travelers. The most traveled roads are thronged with these heavy vehicles, many of which are operated at dangerous speeds in a way to crowd the lighter cars off the roads. Heavy truck trailers swing from side to side of the roads on the curves, destroying the roads and endangering lives. Bridges are made to carry loads that are too heavy. The taxpayers are grumbling that the roads built by them are made to carry traffic that should be borne only on heavy steel rails.

Increasing Phone Rates

San Antonio is one of the Texas cities that is having a tussle with the telephone company over efforts to increase rates. Several months ago telephone rates were advanced from 25 to 35 per cent. The city tried to enforce its rate control ordinance, but was prevented from doing so by a temporary injunction obtained by the telephone company. The company is seeking to perpetuate the injunction and, if it succeeds, the city's controlling ordinance will be nullified. Other cities and towns are wondering what will happen to them if San Antonio should lose its fight.

Taylor Gets Water System

Taylor has taken the steps to control its own water supply by buying the water plant from the company that has owned and operated it. Taylor had under consideration the building of a plant of its own and had voted bonds for that purpose. All the preliminary steps had been taken to that end, but a satisfactory solution has been found of the differences between the people and the water company through the purchase of the water plant by the city.

American Legion Convention

While the crowd that attended the American Legion convention at San Antonio was not more than a third as was originally expected, it was about all that the city could handle well. There was little overcrowding, and that pleased both the legionnaires and their entertainers. Large numbers of the 50,000 or more came to Texas to see again the places where they had trained for service. They visited the cities and towns in which they were trained and noted the progress of the past ten years. Many of them lingered in the State far beyond the convention period. Some of them remained in Texas and still others are coming back to live. In extending hospitality to these veterans San Antonio rendered a genuine service to all Texas.

Building Public Hospitals

A number of Texas counties have built county hospitals through a special tax levy. Bee county will have an election next month on a \$125,000 bond issue for hospital building. Hospitals have become a public necessity, and public hospitals, at which patients are charged only such fees as are necessary for their maintenance are finding favor with the people. Whether there is reason or not for the opinion, there is a belief prevalent that most privately owned and church hospitals make charges out of proportion to the services rendered. This feeling largely accounts for the building of many municipal and county hospitals.

Turkey Crop Short

The chances are that those who have turkey dinners in Texas at Thanksgiving and Christmas will have to pay about 20 per cent more than they paid last year. The crop of turkeys is said to be short about that much and the turkey business is well organized to be regulated by supply and demand, which is not true of most agricultural lines and bylines. For instance, the pecan crop while fully 50 per cent

short of last year, is selling for but little more.

Air Mail Increases

Many people do not understand that they can send an airmail letter weighing two ounces to any part of the United States for 5 cents. Airmail letters dropped into a postoffice at which airmail planes do not stop are hurried to the nearest airmail landing field by regular mail and taken from there by the air route to their destination if it is an airmail stop, or to the nearest airmail office and forwarded there by regular mail. The airmail speeds up letters between all points in the country.

Nueces County Ginnings

Nueces county led in Texas ginnings with 73,295 bales up to October 1. This was 23,000 bales behind its record at the same date last year. On that date Williamson county had ginned 60,626 bales, McLennan 51,219 and Ellis 50,897. San Patricio and Navarro counties had each ginned over 50,000 bales. It is thought that either Williamson, Ellis or McLennan counties will lead in cotton production this year.

New Plains Trains

Train service on the Denver and South Plains Railway from Childress to Plainview and Lubbock will begin some time next month with something like a twelve hour through service from Dallas to Plainview over the Denver lines. This new road will serve a vast territory that is rapidly developing. The terminal division headquarters will be at Childress.

New Sand Use

Llano river sand which has long been recognized as unsurpassed for cement and plaster work is now being used by local granite manufacturers in sand blasting, that heretofore used having been shipped in from Vermont. It cuts as neat a letter as the New England product, and because of its hard surface, does the work faster.

"Black-Draught was recommended to me by a friend and so I began taking it. Before very long I was feeling much better. I kept up the medicine for some time, and my improvement was so great, I felt better than I had felt in years."

"The pain in my side left me, and the sour stomach quit altogether."

WILSON URGED KIN TO SUPPORT SMITH

War-Time President Scorned Cry That He was Tammany Candidate.

WASHINGTON.—President Woodrow Wilson in 1918 urged his relatives to vote for Alfred E. Smith, who was then a candidate for Governor of New York and to work for his election.

The incident was described to friends by Mrs. Rolfe E. Bolling, a sister-in-law of Mrs. Wilson, who now resides in Washington.

"Mr. Bolling and I called on President and Mrs. Wilson during a Red Cross drive in the late summer of 1918, when we were living in New York. President Wilson asked if I had registered. I replied in the negative, explaining that we had not done so because we thought Mr. Smith was the candidate of Tammany Hall."

"I will never forget how he looked at me and said in a very serious tone: 'Go tomorrow and register and vote for Mr. Smith.' 'We did,' added Mrs. Bolling, 'and I feel that in voting for him again this year we are obeying almost a solemn injunction.'"

FARM EDITOR FOR SMITH

DES MOINES, Iowa.—The farmer of the United States can best serve his own interests by throwing their influence to Governor Alfred E. Smith for President, according to Henry A. Wallace, editor of Wallace's Farmer. Mr. Wallace stated that he was not only impressed by Governor Smith's declaration in favor of the principles of the McNary-Haugen bill but also with the "straightforwardness and trustworthiness of the nominee."

Protestants Lead Smith Appointees

Conclusive proof that Governor Smith has never been controlled by political or religious influences is found in his appointments as Governor of New York. Statistics made public by Secretary of State Moses reveal that a great majority of the Governor's appointees are Protestants and that there are twice as many Republicans as Democrats in his Cabinet.

Governor
Alfred E. Smith

The Governor's Cabinet is comprised of 10 Protestants, 3 Catholics and 1 Jew. Of these 8 are Republicans, 4 are Democrats and 2 are Independents.

Of 25 State Department heads, 14 are Protestants and 11 are Catholics. Eight are Republicans, 3 are Independents and 14 are Democrats.

Of 156 other State officials whose appointments require the approval of the Governor, there are 105 Protestants, 33 Catholics, 11 Jews and 7 undesignated.

In every case, regardless of all other considerations, Governor Smith appointed the person he thought best fitted for the office.

MRS. EUGENE GREEN IS HOSTESS TO MATRON'S BRIDGE CLUB HERE

Mrs. Eugene Green was hostess on Friday afternoon to the members of the Young Matron's Bridge Club and the following guests at her home in Green addition: Mesdames James Coleman, Fred Cable and Alfred Walston and Miss Pauline Green.

The regulation four games were played at the conclusion of which it was found that Mrs. Claude Bradbury had won high score and she was presented with a hand painted picture. Mrs. Fred Cable received a novelty salt and pepper set for low score award.

The hostess served ice box cake after the games.

Quarterly Jubilee Of Baptist Women Held At Church Annex

The ladies of the First Baptist church enjoyed the quarterly Jubilee Celebration Monday afternoon at 3:30 o'clock in the church annex. All those ladies who had birthdays during the past quarter were hostesses to the other members.

The Halloween motif was noted in decorations. Wicker baskets filled with yellow cosmos and marigolds were placed to advantage about the room. The reception committee wore tall caps carrying out the Halloween ideas. Mrs. Harvey Dobbins greeted the guests at the door and directed them to the table where a silver offering was made. This table was presided over by Miss Beulah Collier dressed in realistic witches' costume.

Under the direction of the entertainment committee, Mrs. E. A. Flinn, Miss Katherine Flinn and Miss Winnie Henderson, the guests played games. They first found partners by matching proverbs. A unique spelling match was held in which each word had to be spelled backwards and pronounced as it was spelled.

After the games, refreshments of pumpkin pie with whipped cream and hot chocolate were served.

Among the guests other than members of the Cameron Baptist church were Mrs. T. J. Denson, Mrs. Paul Brown of Karnes City, Mrs. Fred McGehee of Pharr and Mrs. Whittle of Gladewater.

Mrs. Ben Atkinson Is Hostess to 42 Club

Members of the Forty-Two Club gathered at the home of Mrs. Ben Atkinson Thursday afternoon at three o'clock for an afternoon of games. Cosmos and yellow zinnias in the reception rooms were typical of the Halloween season as were also the score cards in the shape of pumpkins and the table covers of yellow and green. Four tables of members and guests enjoyed the hospitality.

A salad plate of pimiento salad, chicken salad in tomato cases, sandwiches, cheese, olives, crackers and iced tea was served at the conclusion of the games. On each plate there was a sealed envelope bearing the inscription "Do not open until you have finished eating." These were found to contain directions for searching for novelty souvenirs that were hidden about the house and the finding of

them furnished an amusing diversion for the guests.

The members of the club held a short business meeting at the end of the party and Mrs. Joe Denson was elected a member of the club to fill a vacancy recently made.

Baptist Will Elect Director to Take H. P. Black's Place

A business session was held last Wednesday evening by the members of the First Baptist church for the purpose of making arrangements for the carrying on of the work of Mr. Black, former Educational Director who moved to Bryan last week to fill a similar position with the First Baptist church of that place.

It was agreed that a man should be elected to fill the place made vacant by Mr. Black's resignation as soon as a satisfactory one could be located. Until that time Charles McGehee was elected Superintendent of the Sunday School; Miss Jennie Shirley will be general director of the Young People's work; Miss Mabel Jeter is to post the books each week and serve as church clerk and Miss Bess DuBois will have charge of the music for all the services.

Dr. Newton Returns From Boston; Says Country Needs Al

Dr. W. R. Newton has returned from the session of the Clinical Congress of the American College of Surgeons in Boston where he enjoyed a pleasant respite from his duties at Cameron Hospital.

On his way back he stopped in New York for a brief stay.

While in Boston Dr. Newton contributed a letter to the political forum of the Boston Traveler urging the election of Governor Smith to the presidency. His letter follows:

Forum Editor:
I am here attending the Clinical Congress of American College of Surgeons. I am pleased with Boston and her wonderful hospitality.

I am from the South. I live in Cameron, Texas, so of course I am for Governor Al Smith for President and because I fully believe he is the man whom the majority of the people of the United States need now as they needed Thomas Jefferson in his day.

Sincerely,
W. R. Newton, M. D., F. A. C. S.

Thousands Cannot Take Aspirin

The discovery a few years ago of a pain relief which exhaustive tests by thousands of physicians, dentists and nurses proved it to be truly wonderful, was in deed a great blessing to sufferers of headaches, neuralgia, rheumatism, neuritis, period pains. During the great flu epidemic it was conclusively found thousands could not take aspirin acetanilid or compounds containing these.

The remarkable new discovery cal-

led A-Vol does not contain aspirin, acetanilid or any heart depressants. It is absolutely harmless to young or old. It stops pain in five minutes and instead of leaving you feeling lousy, it actually peps you up.

If you have severe headache, pains of any kind, you owe it to yourself to try this remarkable new scientific discovery. A tube of twelve tablets at your druggists costs but a few cents. Just ask for A-Vol—you will be delighted.

Cars' Popularity Means Better Deal for Buyer

"Popularity of a motor car is one of the best reasons in the world to buy it. Popularity not only means that the car must be 'right' but also that buyer can purchase it on the best terms," said August Horstmann, Hudson-Essex dealers and went on to explain:

"Because our Hudson and Essex cars sell in such large numbers, we deal in a great number of used cars. All the economies of volume business come in to play in this department so that we are able to offer to the new car buyer an unusually favorable appraisal on the car he turns in to us.

"Right now we are enjoying an exceptionally active fall business, with the result that we are offering very advantageous terms to the man who now owns a car but who wishes to improve his transportation. We make a generous allowance on the car he offers in trade to us and very often also this car is all or very near all the down payment he needs to make to us. It is only the popularity of Hudson-Essex cars that enables us to deal in this favorable way. It is our claim that, considering all angles of an automobile deal, we can make and are now making the best trades motorists ever have known.

"Hudson-Essex is the world's largest selling line of six cylinder automobiles. Such continued popularity is a severe test of quality and satisfaction. Many articles are popular for only a season or two and then fade out of the picture but Hudson at its inception adopted a policy of marketing products that would be worthy; continued popularity of their two products, the Hudson and Essex sixes, is the result.

"What is true with the Hudson-Essex cars is true in our own organization to the prospective purchaser on them. In selling used cars, we offer their merits and stand behind everything we say in regard to them. It is a common occurrence for folks to call as and ask us to pick out a car for them and deliver it, living up to this sort of confidence we feel we must offer a little more than the product really calls for.

"The sale of new and used units will, according to present indications, reach a higher peak this month than for any other similar period and we feel that buyer confidence backed by a superior product has brought this condition about for us."

A., the Methodist leading with 816, Baptists next with 612 and Presbyterians third with 270.
